Location Preference

Northeast hockey not only uses Jack Byrne Regional for all games. Other rinks within the city are used as well. So becoming an official will require travel to other rinks within the city for assignments. So please ensure this is something your comfortable with before signing up. In addition there be opportunity if Northeast cant assign weekly games to you, other associations near us may be able to assign some hockey to you if Northeast cant on a regular basis. In the list below please preference what rinks you would be able to officiate for Northeast and others if the need is there. Please ONLY rank the rinks you can do hockey at. Leave blank if you cant or have no interest in doing hockey in those locations.

Parent Information (to be completed by parent)

The Association relies heavily on its young officials to deliver the hockey program. As a result there is a lot of responsibility placed upon these young people. As a new official they will be assigned mostly hockey games for the Novice and Atom divisions which mean many early morning games on the weekends. There may also pressure placed upon the young officials by other parents and coaches, although we do our best to support the young officials and discourage such behavior.

Before forwarding your child's application to become a referee we ask that you have a discussion with them to ensure they fully understand the commitment, and the expectation they complete the entire season if they are accepted into the program. The Referee in Chief will contact those individuals accepted into the available positions and advise them of the upcoming training program.
